

Course description *Intensive language instruction French* (5 ECTs) an online course

The aim of this course is to improve the level of French, a language spoken daily in Morocco, of intermediate speakers, with online workgroup sessions. In order to achieve this, students will give presentations, engage in dialogues and participate in discussion. The course will make use of audio-visual materials to help students improve their listening skills.

Course objectives

Students are expected to be able to express themselves with more confidence and take part in conversations on topics that are more complicated than topics on everyday life such as education, culture, history, and politics.
